## DESCRIPTION

---

**The Lukmanier region is traversed by 180 km of hiking trails. About 70 km of these have been chosen as nature trails, allowing visitors to discover the natural wonders of this beautiful region.**

Setting off from Camperio Alta, head downwards, crossing the cluster of dwellings of Camperio to reach the Lukmanier path. Heading up to Sacc and the deviation for the Pü mountain, head for Dötra passing by Bolla del Corno and Bollette, and arrive in Dötra (1,768 masl), the highest point of the circuit. From the magnificent terrace of Dötra, head for Anvéuda, then go down to Marzanei, take the old mule track and walk down to Camperio.

**Montagnepulite:** This project was born to promote an effective management and sustainable use of mountain huts in Ticino, and in particular the litter management. The responsible management of litter in the mountains is a matter of common sense. We can all contribute: <https://www.montagnepulite.ch/en/golden-rules>
